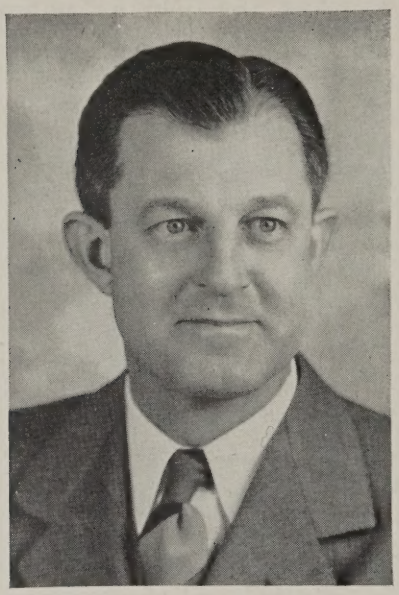
A Message From Our Principal



As the Senior Class of 1948 prepares this, the twenty-sixth volume of the AURORA, it begins another quarter-century in presenting the yearly record of our school. The pages which follow recount in picture and story the achievements of this school year. The highlights in personalities, clubs, sports, and activities of our school are here-in set forth.

The chief purpose in the publishing of a year book is not so much for the present as for the tomorrow. A few years soon result in widespread separation, faces and places tend to become shadows, and memory fails to retain much which is worthy of retention. This book, therefore, will become all the more treasured as time tends to dim recollections and to lengthen the shadows of the past.

As classes are indebted to a school, just so is a school indebted to its classes. Your school, Seniors, acknowledges the contributions you have made to it and to school life over the past years. In preparing and presenting this edition of the AURORA, as a final tribute to your school, you are rendering a service of inestimable value to yourself and to your Alma Mater.

"GOD'S OWN DAY"

'Tis early morning and comes the warning
The day is breaking fast,
Rise up dear folks, throw off the yokes
Live in peace at last.

Bells are ringing, crowds are singing
Cows in pastures lay,
The sun is shining, wheels are clanging
How beautiful the day!

Birds are flying, children crying
Pets are running wild,
Ships are sailing, gulls are trailing.
The windy breeze is mild.

Hours later, the sweet songs cater
The sun's red setting hue,
Bids a whistling (if ears are listening)
"Good evening friends to you."

By RICHARD GAINER

Class Prophecy

PLACE: Terrace Room of the Washington National Airport

TIME: July 4, 1958

OCCASION: Reunion of the Class of '48

HOSTESS: Mrs. Cecil Ikenberry

Dusting the shelves in the library I found a copy of the '48 AURORA. Looking through its pages I saw many familiar faces and I wondered what had become of all of them.

I could consult a Ouija Board, look in a crystal ball, visit a fortune teller or let a panorama pass before my eyes.

But I had a better idea. Why not get the class together again and find out for sure what the revolting developments of life can be?

A few weeks later on the evening of July 4, finds the terrace room breaking forth with all the radiance of a wonderful evening of entertainment.

Approaching the terrace I find the orchestra leader (none other than Maestro Paul Kline) and his radio famous musicians arriving.

Conversing with Paul about the musical rhythm for the evening he tells me he has made special arrangement to obtain Kathleen Trobaugh and Rhoda Shifflett as guest singers of the evening.

Ably assisting at twin pianos are Dorice Minnick and a good looking Frenchman who delights in tossing French phrases around.

Looks as if the guests are beginning to arrive, but here are Doris Jean Phillips, a famous fashion designer and her equally famous husband George Graham, an interpreter at New York's Ellis Island.

You could have heard a pin fall as Wanda Branum stood in the archway attired in one of Madame Phillips latest frocks. Wanda is now one of the ten best dressed women in the land. Accompanying her is her friend Reba Hanger who is now a nurse in Baltimore.

Who is this talking to Evelyn Head? It's May Caricofe, Worlds champion shorthand writer. Evelyn is private secretary to Richard Miller, the head instructor of agriculture at Virginia Polytechnic Institute.

What is that going out the door? Must be superman, if it is, he can't stop bullets. Donald Huffman and Paul Garst have caught Henry Graham red-handed trying to get away with the dining room silver (I hope it is souvenirs he is after). Donald and Paul are two of the districts best cops. Henry will doubtless need a haircut before they put him away, so here comes Norman Howdyshell with his portable barber shop.

Moving through the guests, I overheard Robert Liskey say to Norman, "Here's that watch of yours which I promised to fix back in '48. Remember, parts weren't to be had then."

Standing close by is Minor Beverage. By the way, Minor, how's that garage of yours doing down in Richmond?

The dance music is in full swing and as we breeze through the crowd whom do I see but the dazzling Mary Lou Riddleberger and her *current* husband J. Whitney Asterbuilt. Next, we greet Mr. and Mrs. Richard Murphy (Freda Smith of high school days) who have come all the way from Chicago to be here for the fun.

Well, here's Howard Shull, eating as usual. It seems Howard has made a pro-

Class Prophecy

fession of his favorite pastime and has become a nationally known connoisseur.

As I pass through the crowd I recognize Dennis Sandridge who was on the last lap of his transcontinental bicycle trip when he heard of this party and put on a last burst of speed in order to get in on time. Dennis says he saw John Kinkead on his way through Arkansas. John is showing those people how an expert raises "razor back" hogs. Dennis must have taken the long way around, for he visited Mrs. Melvin Will (former Bonnie Swartz) in Memphis, Tennessee. He says her cooking is to be commended for its originality.

What's all the commotion down on the air field? Why, it's Richard Gainer! He just flew in from San Francisco with his private secretary, Joan Cline. His books are beginning to make a hit with the reading public. Richard has news of Zelda Huffman, who is stewardess on the Transcontinental between San Francisco and St. Louis.

Charles Owen, the world's auto speed king had bad luck in his last race; a mishap occurred on the last one-half mile and he narrowly escaped death.

Wonder why I haven't seen Cecil Meyerhoeffer or that fellow Richard Trobaugh Maybe Leo Miller will know! Leo is doing a fine job as a minister down in Southwest, Virginia. He says that Cecil Meyerhoeffer is County Agent in Augusta County, Virginia and Richard Trobaugh is furnishing the teen-agers of Mt. Crawford with hotdogs and milkshakes at his Tip Top Restaurant. Leo also brings word that Henry Rodgers is traveling through the country with his message of good will.

For goodness sake, if it isn't one uproar after another. I wonder who is jammed up in that corner. I think I'll go over and see. Why its Mark Muterspaugh, the famous baseball pitcher and his young admirers.

Oh! Who was that I just bumped into? I'm always bumping into someone. This time it is Shirley Baker. She's a receptionist for N. B. C. here in Washington. She tells me that through her correspondence she has been informed that Mary Rose Ponton is married and is district chairman of the W. C. T. U. Furthermore we find out Lois Driver is a judge in Bridgewater, Virginia.

Lois Shickel joins our party a little late because she is working overtime in the office here at the airport.

Shenvalee Rodeffer is in town for a few days and managed to drop over a few minutes. Shenny is a guide at Rockefeller Center in Radio City, New York. She's staying with her friend Janet Harris who works in the Federal Bureau of Engraving.

Mildred Rodeffer is Guidance Director at James Monroe High School in Fredricksburg, Virginia.

The crowd is beginning to move toward the dining room. Just inside the door seated at a table are Agnes Driver, now Home Demonstration Agent of Rockbridge County, Virginia, and June Craun, a Home Economics teacher at Washington and Lee in Arlington.

Here at the bar with her press photographer is Janet Smith, doubtless getting a scoop for her society column in the Washington Post. She is now talking to Ann Callender who is librarian at the University of Virginia and doing very well.

As the evening nears an end the party begins to break up and groups leave to go see the annual fire works at the monument. As the last couple leaves the clock strikes twelve and there is a loud blast of fire works to add the last finishing touches.

Act II This act contains the gypsy setting and each senior is seen in the future as the class prophecy and will are read. A small gift is presented to each member of the class to serve as a memento in the years to come.

The class valedictorian, Dorice Jean Minnich, gives the class farewell and the program ends as the class sings "Bridgewater Spirit."

Class History

As seniors having finished four years of high school and finally reaching our goal we are able to look back on our high school life as a play with four acts and many, many scenes in which each one of us has played a part.

Act I — *Adviser*: Miss May Cline
Time: Freshman Year 1944-1945
Place: Bridgewater High School

Class Officers
Donald Huffman.....*President*
Dwight McNett.....*Vice-President*
Paul Kline.....*Secretary*
Mary Burgess.....*Treasurer*

Scene I

As the curtain rises we find ourselves busy getting adjusted to high school routines which are very different from anything we have ever known. Different members of our class participated in the various activities offered such as basketball, different clubs, and representatives on the *Chatter* and AURORA staffs.

During the year we had an outing in Mr. Joe Miller's woods which was enjoyed by all and helped us to learn to know the members of the class who had come from various sections.

The following spring a party was held in the gym and refreshments were served in the cafeteria.

Act II — *Adviser*: Mrs. Rio McConnell
Time: Sophomore Year 1945-1946
Place: Bridgewater High School

Class Officers
Paul Kline.....*President*
Paul Garst.....*Vice-President*
June Craun.....*Secretary*
Dorice Minnick.....*Treasurer*

Scene I

This year we accumulated the nickname of "Silly sophomores." We selected our class motto, "Preparation is the Keynote of Success"; flower, the rose; and colors, rose and silver. This fall the class outing was in Mr. Gardner's meadow and in the following spring a party was held here at school.

Act III — *Advisers*: Mr. Paul Estep, Miss Virginia Graham
Time: Junior Year 1946-1947
Place: Bridgewater High School

Class Officers
Paul Kline.....*President*
Donald Huffman.....*Vice President*
Paul Garst.....*Secretary*
Henry Graham.....*Treasurer*

Scene I

Now known as "Jolly juniors" we assumed responsibility for the publication of the *School Chatter*. Other activities were the presentation of the play "Youth Saves the Day," the Junior-Senior outing at Staunton dam and our class outing in Mr. Hanger's meadow.

Act IV — *Adviser*: Mrs. Cecil Ikenberry
Time: Senior Year 1947-1948
Place: Bridgewater High School

Class Officers
Paul Kline.....*President*
Paul Garst.....*Vice President*
Donald Huffman.....*Secretary*
Richard Miller.....*Treasurer*

Scene I

Now having reached our destination we plunged into more work and fun. Our senior outing was held in the gym and cafeteria with the Juniors. On November 14th, we presented "Miss Jimmy" as the annual senior play. This year we also assumed responsibility for the publication of the annual. As a final tribute to our high school career we participated in class night in which gifts were bestowed, prophecies made, histories read and farewells given.

Climax: Graduation.

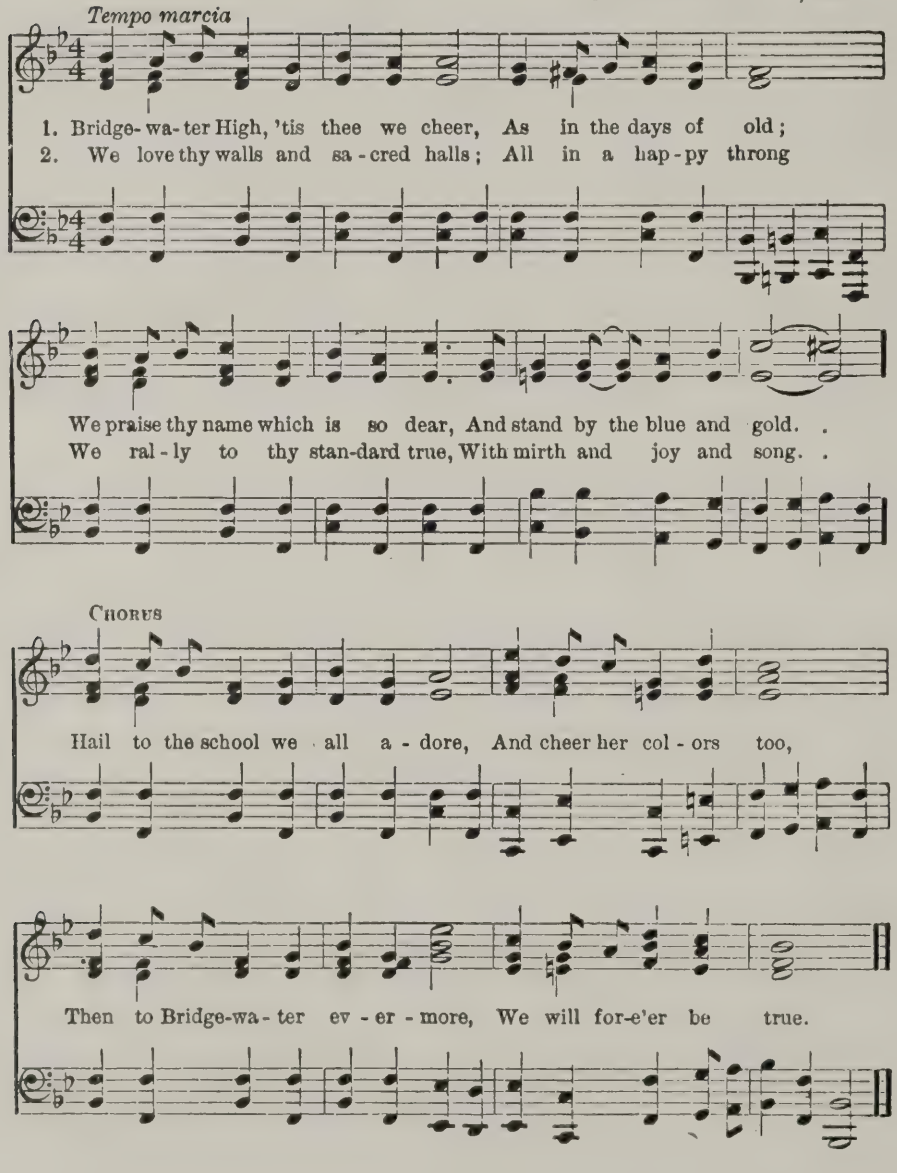
SCHOOL SONG

Bridgewater Spirit

Words and music by
NELSON T. HUFFMAN, '20



Tempo marcia
1. Bridge-wa-ter High, 'tis thee we cheer, As in the days of old;
2. We love thy walls and sa-cred halls; All in a hap-py throng
We praise thy name which is so dear, And stand by the blue and gold.
We ral-ly to thy stan-dard true, With mirth and joy and song.
CHORUS
Hail to the school we all a-dore, And cheer her col-ors too,
Then to Bridge-wa-ter ev-er-more, We will for-e'er be true.

Boys' Basketball Team

JOHN BOITNOTT—Junior—Forward

John is our mainstay at forward. He passes the ball well and never gives up until the game is over.

B. D. BEYDLER—Junior—Forward

B. D.'s shooting accuracy has won us many games. We shall be glad to claim him for next years team.

PAUL GARST—Senior—Center

Paul is our hard-fighting center and captain of the team. He can be depended on to hold the team together under all circumstances.

GEORGE GRAHAM—Senior—Guard

Speed and good sportsmanship characterize George on the basketball court. He plays guard and has kept our opponents from scoring many times.

BILL DOVEL—Sophomore—Guard

Bill is a very agressive player. His long shots and jumping ability are characteristic of his playing.

MARSHALL GARST—Sophomore—Forward

Marshall is our small forward. He can outsmart his guard and we expect him to come through with many points another year.

HENRY GRAHAM—Senior—Guard

Henry has been faithful in working with the squad this year and has been used to an advantage in many games.

MAYNARD SOUTHARD—Junior—Center

Maynard is the tallest man on our squad. Whenever there is an opportunity he lays the ball in the basket.

Girls' Basketball Team

MARY LOU RIDDLEBERGER—Senior—Forward

Lou has been a member of the varsity for four years. She was voted co-captain of the 1946-47 season and is captain of the 47-48 squad. She is the sharp shooting member of the team.

MAY CARICOFE—Senior—Forward

May is completing her second year on the B.H.S. court. She is a hard fighting forward and puts the ball in the basket.

MARY FRANCES WILL—Junior—Forward

The live wire of the squad is completing her first year. Action takes place when Willie gets into the game and speeds down the court.

BONNIE SWARTZ—Senior—Guard

Bonnie has been a member of the varsity for three years. She was co-captain of the 1946-47 squad. Because of her height and her playing ability she has succeeded many times in keeping the opposing team from scoring.

SHENVALEE RODEFFER—Senior—Guard

This is Shenny's first year on the varsity. In spite of the fact that she hits the floor at least once during a game she plays an aggressive game and fights to the finish.

DORIS JEAN WINE—Sophomore—Guard

Doris Jean has proven her ability to play a good defensive game although it is her first year on the squad.

Ann Harris and Flora Belle Harvey are two of our most dependable substitutes.

Physical Education

A varied and interesting physical education program is maintained throughout the school year. The student body organizes into eight teams for girls and like number for boys each electing a captain and lieutenant. Wholesome rivalry is inaugurated between them in calisthentics, games of volley ball, playground ball, kickball, and marching. Points are scored each day for winning teams. This program is carried out during autumn and spring in out-of-doors. During winter months the plan changes somewhat and on alternating days boys and girls engage in volley ball in the gymnasium. Completing this procedure classes of instruction on various subjects relative to health, safety, physical growth, habits, and sportsmanship, are set up.

This is a vital part of the school day with no less significance than other classes. It aids in the development of the well-rounded individual which is the ultimate goal of our school.
